The 10-31 Stuttgart line of display cases has a rich tradition of design and engineering going back over 50 years. This time tested design has been used by museums throughout Europe and the USA. Now we are offering the same frameless museum case designs in a quick ship system. These cases are predesigned and ready to fabricate in your choice of color and fabric. Museum grade conservation at a fraction of the cost and in as little as 10 weeks.

Freestanding Cases

Stuttgart QuickShip freestanding cases are beautifully crafted in Germany and include features our custom built cases are known for.

- Laminated safety glass with built in UV protection
- Frameless design for a beautiful 360 degree view of your collection
- Conservation grade construction and finishing featuring Creation Baumann museum fabrics and RAL colors
- Invisible hinging system
- Infinitely adjustable glass shelves that are locked at the top and bottom of the case to minimize swinging
- Available in 7 standard sizes (custom sizes available)
- Optional water white glass, lighting hood, fabric case backs and climate control

Table Cases

Stuttgart QuickShip table cases allow for unobstructed views of precious small objects and manuscripts.

- Frameless glass hood features laminated safety glass with UV protection
- Includes hidden back hinges for additional safety while handling artwork
- Gas strut lifting mechanisms with hidden locks
- Available in steel leg or panel leg (shown) models
- Available in 4 standard sizes (custom sizes available)
- Optional water white glass, mitered glass construction, internal lighting and climate control

Pedestal Cases

Stuttgart QuickShip pedestal cases use the classic lift off hood concept for protecting precious objects.

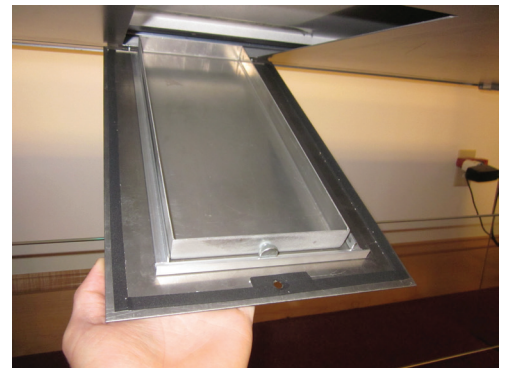

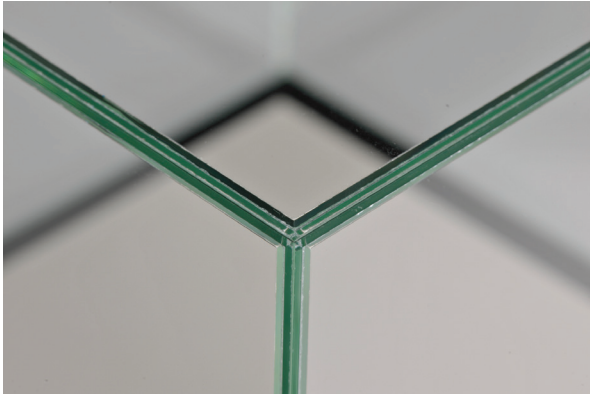

- Laminated safety glass case and a solid steel frame for rigidity and security
- Twin high security locks
- The pedestal features zero formaldehyde MDF construction and leveling feet
- Available in 3 standard sizes (custom sizes available)
- Optional water white glass, mitered glass construction and climate control
